From: Larry Newsom, City Manager
Subject: **Open Beach Access/Dune Crossovers**
Date: September 13, 2017

City Staff have conducted an inspection of all City beach access/dune crossover locations. Effective today, Wednesday, September 13, 2017 at 11:00 a.m., the following beach access point/dune crossover locations are open for public usage:

North of SR100	South of SR100
North 21 st Street	South ADA Access
North 16 th Street	South 2 nd Street
North 15 th Street	South 3 rd Street
North 17 th Street	South 4 th Street
North 12 th Street	South 5 th Street
North 8 th Street	South 6 th Street
North 7 th Street	South 7 th Street
North 6 th Street	South 8 th Street
North 5 th Street	South 9 th Street
North 5 th Street	South 21 st Street
North 3 rd Street	South 22 nd Street
North 2 nd Street	South 23 rd Street
	South 24 th Street
	South 25 th Street
	South 27 th Street
	South 28 th Street
	South City Limits/Volusia County line

While the City continues its efforts to repair access point/dunes crossovers, please remember the following:

- Please utilize dune crossovers only. Do not walk on or across the dunes to prevent further erosion of the dune system. City Ordinance 6-9 prohibits the destruction, harm, molestation, cutting, harvesting, removal or eradication or cause of destruction of any plant life on the Dune areas within the City, east of Highway A1A.

- To access the beach, please use dune crossovers but use “**Caution**” due to “Temporary Repairs”.

Lifeguards are not scheduled for duty until this weekend; September 16th and 17th. Swimming and surfing is allowed. By City Ordinance, surfers are not allowed within 150 feet of either side of the Pier.

The Pier will remain closed until further notice. Sections of the Pier will re-opened when it is determined to be structurally safe.

The Pier Bait & Gift Shop is closed until further notice. The public bathrooms at the Pier are open for usage.

City Staff are in the process of returning trash cans at each dune crossover. Please remember to use them. Leave footprints in the sand, not your trash.

We’d like to sincerely thank our residents and visitors for their patience as we repair and re-open beach access point/dune crossover locations within our City. As a City we’re committed to repairing and or replacing all dune crossovers and City Staff continues to work diligently in order to get this task accomplished. When additional beach access point/dune crossovers are re-opened, a Public Service Announcement/Media Release will be issued.
