Subject: Andrea Williams DC#15459 Hearing

First of all I'd like to start with that when I received the Notice in the mail of this hearing I was shocked by what I was reading. How could this even be considered after the horrific crime she committed against our children? They don't have a choice to come back why should she? I have lived through 15 painful years of hell since this happen and only comfort I've had was knowing she would never get out and be able to harm anyone again. I missed out on watching my children grow up, graduation, drive a car and have families of there own. I will never grand children because of Andrea. Llona wanted to be a Artist. Ian wanted to be a Cop. Ivey wanted to be a singer. Not a day goes by that I don't think about I will never have an opportunity to help make their dreams come true. I cry every day when I think about each one of them. She has threatened to kill me and burn down the house I live in fear in that if she was ever release she would make good on her promise. Yes she may be dying but that doesn't change what she did and why she is where she is today. She should stay at the prison till she takes breath her last breath. 15 years is not long even for all the pain she has caused me and my family. This is very hard for me to have to re-live through all of this again and it breaks my heart that she has re-opened the memories flushing through my head of losing my children. Her sentence was 225 years and that is what I agreed to so that she would not be sentenced to death. She has no right to be able to be in the public and I totally disagree with this hearing and believe it should not be granted.

Sincerely

Gary L Williams
