Question for you...

I recognize there are a million things going on, but I spoke with Mark Brunell Sunday. I asked him if he'd be interested in joining the KHA board and he said he would. This could be a really good story. He's currently the head football coach at Episcopal High School. Thoughts?

You currently have on board vacancy. Mayor plans to discuss with Donna. We need to pre discuss board ideas before you go to deep with prospectives. Brunell has some issues we can discuss.

• The following link is to the SharePoint STVG application tracker that we stood up yesterday to ensure a chain of custody and status information for all applications (viewable from intranet only): STVG Application Tracker

• We now have a formal in-processing procedure in place to log, sort and scan manual applications as well as

download, print and package online apps.

- Once we have logged an application into the Tracker, it has an application number and is packaged with a checklist in a labeled envelope.

- A number of applications are now ready for initial eligibility review.

I'll keep you posted as work progresses through the weekend.

In less than half a dozen years, seemingly from nothing and from nowhere, he had risen to become a respected leader in the state legislature, a central figure in the fight for internal improvements, an instrumental force behind the planting of the new capital, and a practicing lawyer. Given his beginnings, he had traveled an immense distance; yet, given the inordinate nature of his ambition to render himself worthy of his fellow men, he had hardly begun.
